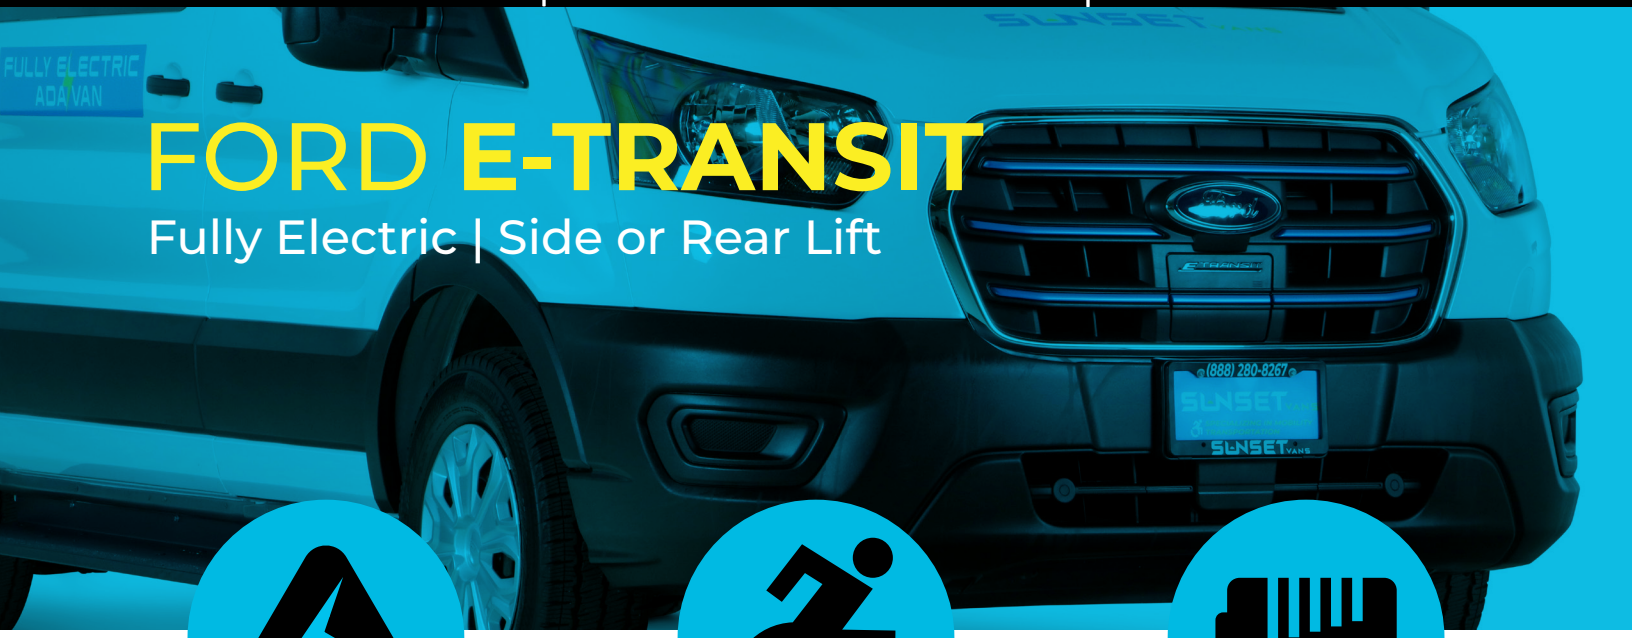
Drive Type: **Rear Wheel** | Transmission: **Single Speed** | Horsepower: **198kW / 266 HP**



FORD E-TRANSIT

Fully Electric | Side or Rear Lift

Fully electric emissions free engine

1 to 3 wheelchair occupants & up to 9 passengers

159 miles per charge
*range may vary

The Ford E-Transit is a fully electric passenger van. With an expected range of 159 miles on a full charge, the E-Transit makes the perfect urban shuttler that will have no shortages of charging stations available. The E-Transit also requires less scheduled maintenance and has significantly reduced costs of ownership. Combined with our meticulously engineered wheelchair conversions which offer plenty of customization, Sunset Vans is poised to bring the E-Transit to the mobility industry as one of the highest quality electric wheelchair vans.

FORD E-TRANSIT

Fully Electric | Side or Rear Lift

Our Ford E-Transit provides cost savings in every facet of vehicle ownership. For fuel, the E-Transit costs roughly $0.2950 per mile, while traditional combustion engine vehicles cost nearly double at $0.5642 per mile. Fuel savings can be at least $4,700 over the first seven years. The lifetime ownership cost savings on gas alone are estimated at $6,000 to $10,000.

STANDARD FEATURES

- 89 kWh Useable Energy High- Voltage
- Lithium-Ion Battery pack
- 266 hp RWD, 317 lb.-ft. torque, 198 kW power
